

Kensington Cast Iron

780mm High (With Crown)

Specialist UK Manufacturer of Cast Iron Radiators

Paladin Radiators

The Kensington cast iron radiator is an elegant and stylish ornate cast iron radiator echoing a bygone era and a popular choice for the traditional refurbishment, new build, barn or warehouse conversion. Our Kensington radiator fits well within the contemporary or period home. The Kensington cast iron radiator is a free standing radiator, beautifully etched with a scroll like design which flows throughout its length.

If you are looking for a striking living room, hallway or kitchen radiator the Kensington radiator offers that old cast iron radiator look with real style. Custom finished in a polished or antiqued paint effect the Kensington cast iron range looks fantastic as these finishes will accentuate the beautiful scrolling detail depicted on this cast iron radiator.

Code	Sections	Length (mm)	Output		Weight (Kg)	Water Content (Ltr's)
			75 / 65 / 20			
			Watts	BTU's
