

Oxford Cast Iron

765mm High

Specialist UK Manufacturer of Cast Iron Radiators

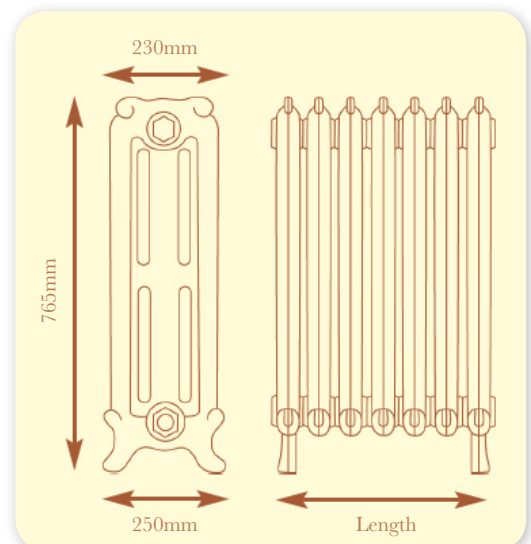

Paladin Radiators

Our magnificent Oxford cast iron radiator is an ornate radiator range faithfully recreated by Paladin Radiators from one of the original decorative cast iron radiators produced in France in the late 1800s. The stunning Oxford cast iron radiator design incorporates a sweeping scalloped top detail with delicately ornate interwoven decoration which is also depicted around the foot detail of this glorious cast iron radiator.

A substantial free standing cast iron radiator so perfect for the larger period room, barn or warehouse conversion. A tremendously heat efficient cast iron radiator when exceptional heat is required for larger room spaces. Oxford is also available in 470mm and 570mm High.
